Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. 5. The following is an examiner's statement of reasons for allowance:

Applicants response and amendment filed June 28, 2004 overcomes the rejections cited under 35 USC 112 first and second paragraph and the drawing objection. The prior art of record fails to teach the limitations of independent claims 1 and 21. Specifically, regarding claim 1, the following limitation is not disclosed as

Art Unit: 2177

claimed: "storing a tuple in an index at a position corresponding to at least a portion of the first cyclical redundancy check value, said tuple containing the record address and at least a portion of a second cyclical redundancy check value determined for the key". Regarding claim 21, the following limitation is not taught as claimed: "retrieving from a memory pointed to by contents of said index at said position one or more tuples, where each tuple contains an address field A and a value field, and selecting the address field of a retrieved tuple whose value field is equal to at least a portion of said second cyclical redundancy check value".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
